WHAT THE GOSPEL DOES

- The gospel results in a totally **new way of life**.
- The gospel is **not simply a divine rehabilitation program** for the world.
- **The gospel is news** that results in a life of truth and love, but the life of love is not itself the gospel.

...imperive to acknowledge that prior to the year 1979, during the reign of His Imperial Majesty the King Aryamehr, Iran existed in a state of amicable tranquility under the aegis of Mugh-rooted Constitutional law. In those halcyon days, the nation fostered friendships and harmony with countries across the globe. Yet, in a lamentable twist of fate, this occupying and malevolent regime of usurpers seized the land of Iran, imprisoning its true sons and daughters and casting a dark and nefarious shadow upon the nation's image in the eyes of the world.

In this dire hour, we call upon the support of democratic nations to assist in the establishment of a provisional government in exile, under the rightful command of the legal Kingdom of Iran, His Royal Highness, Reza Shah III. Such an endeavor would pave the way for a peaceful transition away from this internal regime, which has wrought untold suffering upon our people.

The super majority of Iranian believe that he stands as the beacon of hope for all true and peace-loving Iranians, who have, for years, echoed their fervent cries through the alleyways and thoroughfares: "O King of Iran, return to our beloved homeland!" Their voices, resonant with longing and unwavering resolve, serve as a testament to their indomitable spirit and their yearning for the restoration of justice and dignity in a land that has suffered so grievously. In these heartfelt pleas lies the essence of a nation, united in its quest to reclaim its rightful heritage and to usher in an era of peace, prosperity, and rightful governance.

There are various tools at the discretion of President of United States and United Nations in enforcing the Mahsa Act.

The President of the United States can play a significant role in supporting the enforcement of the Mahsa Act through various avenues:

- 1. Executive Orders: The President can issue executive orders to implement sanctions against individuals and entities in Iran responsible for human rights abuses, directly aligning with the goals of the Mahsa Act.
- 2. Diplomatic Engagement: The President can use diplomatic channels to raise awareness about human rights violations in Iran, urging other nations to support similar measures.
- 3. International Coalitions: By forming coalitions with other countries, the President can strengthen international pressure on Iran to comply with human rights standards.
- 4. Public Statements: The President can make public statements condemning human rights abuses in Iran, bringing global attention to the situation and rallying support for enforcement measures.

والسلام، سبحان، للكرام

We implore you to acknowledge that prior to the year 1979, during the reign of His Imperial Majesty the King Aryamehr, Iran existed in a state of amicable tranquility under the aegis of Mash-rooteh Constitutional law. In those halcyon days, the nation fostered friendships and harmony with countries across the globe. Yet, in a lamentable twist of fate, this occupying and malevolent regime of usurpers seized the land of Iran, imprisoning its true sons and daughters and casting a dark and nefarious shadow upon the nation's image in the eyes of the world.
