WASHINGTON, DC 20510

August 18, 2023

The Honorable Antony Blinken
Secretary of State
U.S. Department of State
205 C Street N.W.
Washington, DC 20520

The Honorable Janet Yellen
Secretary of the Treasury
U.S. Department of the Treasury
1500 Pennsylvania Avenue N.W.
Washington, DC 20530

Dear Secretaries Blinken and Yellen:

We write to express significant concern over the administration's decision to release approximately \$6 billion in frozen assets in the Islamic Republic of Iran in exchange for the release of five American detainees. While we firmly believe the United States must use every appropriate resource to secure the release of American citizens wrongfully detained overseas, this decision will set a dangerously precedent and will enable the Iranian regime to increase its destabilizing activities across the Middle East.

When the Obama administration released \$1.7 billion in logistical assets to Iran in 2016, we worried that this dangerous precedent would put a price on American lives. Now, some 1600 lives later, the current administration is providing a ransom payment worth at least fifteen times that amount for the world's largest state sponsor of terror, in yet another violation of the United States' longstanding "no concessions" policy. In the wake of Executive Order 14070 on July 12, 2021, the White House admitted that "terrorist organizations, criminal groups, and other entities whom who take hostages for financial, political, or other gain — as well as foreign states that engage in the practice of wrongful detentions, including for political leverage or to seek concessions from the United States — threaten the integrity of the international political system and the safety of United States nationals and other persons abroad." The release of such a significant sum to the Iranian regime runs entirely counter to that claim and will only serve to encourage additional hostage taking for financial or political gain.

We are also worried that your administration is attempting to sidestep Congress and pursue other pathways to
