The NCRI comprises a tapestry of opposition groups and individuals. The MEK has demonstrated remarkable prowess in intelligence-gathering and enjoys fervent grassroots support through its well-organized Resistance Units, which according to regime officials, lead nationwide protests. At the Free Iran rally this month, over 10,000 messages poured in from these units, prompting the regime to panic and hastily announce the arrest of Resistance Unit members—an unmistakable testament to their influence.

The NCRI commands significant international backing. The recent summit witnessed powerful endorsements from 3,600 lawmakers representing 40 countries, including majorities from France, the United States, the United Kingdom, Italy, and Norway.
