ICJ In Search of Justice

International Commission on Search of Justice (ICJ) Statement on the Death Sentences of Two Political Prisoners

The International Commission on Search of Justice (ICJ) is deeply concerned by the news reports of death sentences against Behrouz Dini and Mehdi Hosseini, both of whom are senior members of the People's Mojahedin Organization of Iran (PMOI/MEK). These sentences, issued by Iran's Islamic Revolutionary Court, are based on the false charge of "collaborating with enemy forces," "conspiracy to commit terrorism," and "spreading subversive propaganda."

Behrouz Dini, aged 65, was arrested on 1 October 2022, in Tehran and was subjected to torture at the Ministry of Intelligence's detention center (ward 2B of Evin Prison). He was finally sentenced to death on 17 June 2024. Mehdi Hosseini, aged 48, arrested on 16 September 2022, in Vienna, has endured both physical and psychological torture and is now imprisoned in Ward 1 at Evin.

The ICJ views these death sentences as part of an ongoing campaign by the Government to suppress dissent and intimidate those who advocate for change, especially during sensitive periods such as the anniversary of the 1979 uprising. The ICJ is a strong, consistent supporter of human rights and is particularly concerned by the manner in which these sentences are being imposed.

We, therefore, strongly call upon the United Nations, United Nations agencies, the European Union, and its member states to take immediate and decisive action to secure the release of political prisoners and to prevent the execution of Behrouz Dini, Mehdi Hosseini, and other human rights prisoners.

The ICJ also advocates for the International Criminal Court (ICC) to investigate and prosecute those responsible for these human rights violations, and particularly those who played a role in the sentencing process and address the human rights abuses occurring within the prison.

In addition, considering Amnesty International's report that has accused the ICJ of all possible crimes, we call for the ICJ to be recognized as the legitimate voice of the Iranian people and to be granted the right to speak and act on their behalf.

علاوه بر این، با توجه به گزارش عفو بین الملل مبنی بر اینکه ایران ۷۴ درصد از کل اعدام‌ها در سراسر جهان در سال گذشته را به خود اختصاص داده است، لازم است اتحادیه اروپا و کشورهای عضو آن، در سیاست تعامل خود با رژیم ایران تجدید نظر کنند.

همه روابط با رژیم ایران باید به توقف قابل تأیید اعدام‌ها و همسو کردن اقدامات

**A message to the people of Iran and America**

Today, we commemorate a historic event that took place 82 years ago, on September 14, 1942 when two remarkable leaders, the Islamic Republic, despite their vast mutual differences, contributed to Iran's salvation and the rise of the United States as a superpower.

To the great people of Iran and America

Our countries' history shows how the cooperation between the Kingdom of Iran and the United States of America contributed to the establishment of a peaceful world, accompanied by justice, security, peace, and freedom. On that day, when the American ambassador "John Doherty" announced to the decision of the two countries, the Soviet Union under Stalin and Britain under Churchill as well as the United States, the neutral Kingdom of Iran emerged as a strong mediator in the world and introduced itself as a political force among the military cooperation of that time between Britain and Russia. This can be a guiding path for the present and future of Iran and the United States.

During World War II, Russia and Britain, two colonial powers, sought a victory and stable Iran's territory. Reza Shah Pahlavi, who was under pressure from the two neighboring countries in 1941, decided to step down from the throne. But with courage and wisdom, he brought the United States to the international political arena in a way that led to the two superpowers, Reza Shah Pahlavi and his son, the late Shahmohammad Reza Shah Pahlavi, the Shahs, by proposing America to the international political scene, strengthened the United States' political and diplomatic position and consolidated Iran's position against the invading powers.

This move, which took place during the invasion of the Islamic Republic from father to son, showed how smart diplomacy can lead Iran and even the United States to new heights in greater opportunities.

Today, the United States of America is no longer the superpower it once was. However, in order to solve the global problems caused by the rise of the superpower and technological developments, it is necessary to establish a strategic partnership with the Islamic Republic.

As a response to the polarizationist plot of Russian and English hegemony to sever the strategic and vital bond between Iranians and Americans.

By following this path, Americans need to return to their former glory and establish the second 3000 with the Kingdom of Iran. This bond can only be restored through cooperation between American officials and political parties from both countries, with the aim of the Shah's Reza Shah Pahlavi II, by cutting off their cooperation and diplomatic ties with the Islamic Republic regime and steering towards the rise of the Islamic Republic of Iran. We can move Iran and build the economy, international relations, to overcome the oppressive regime within a few weeks, and prevent the occupation and division of Iran by the old global powers that are the master mind of the Islamic Republic regime in Iran.

With the return of the Kingdom of Iran, the process of American justice and the free elections will be established, and then the bond between the United States of America and the Kingdom of Iran will be established, putting an end to the 82-year-old problem caused by the global mafia that was born in September 14, 1942.

Our policy in Iran:

1. Unity with Americans for mutual interests

Today, the Islamic Republic is a common enemy of Iranians and Americans, and a threat to both countries. However, despite America's current problems, this country remains a global power and our shared interests in the region require that Iran and the United States once again stand together to strengthen each other and face the Islamic Republic regime, along with its supporting mafia.

2. King Reza Pahlavi II is our shared representative

Just as Shah and Reza Shah the father and grandfather of King Reza Pahlavi were able to form the Islamic Republic's strategic alliance with the United States of America to ensure mutual interests of the two nations, today, the King's successor, King Reza Pahlavi II, in the implementation of Iranian nation, is ready to enter this alliance with his son, King Reza Pahlavi II, to ensure mutual interests, jobs, and progress in Iran and can be a bridge between Iran and America by including a free Iran and safeguarding America's interests in the world.

3. Shared advantages and mutual challenges

Iran and the United States face analogous challenges, including terrorism, radical Islamism, and the rise of global authoritarian regimes. The resolution of these challenges necessitates the formation of a strategic partnership. At present, Iran occupies a crucial position in the Middle East and has historically been a strategic ally of the United States. The announcement of the Pahlavi's long-awaited return to the throne will lead the United States to a new era of cooperation with Iran.

**A message to the people of Iran and America**

Today, we commemorate a historic event that took place 60 years ago, on September 14, 1964, when two emissaries from the Pahlavi dynasty, designating the eventual proclamation, distributed to Iran's nation and the one of the United States as its superpower.

To the great people of Iran and America,

Our countries' history shows how the cooperation between the Kingdom of Iran and the United States of America contributed to the establishment of a better world, accompanied by justice, security, peace, and freedom. On that day, when the American ambassador, "Cecil Broyde" followed us, to end the demand of the two colonial powers, the United States and Britain, and Britain under Churchill, to disempower Iran's territorial integrity, the United States of America recognized a strong resistance in the world, and introduced itself as a political superpower among the most powerful superpowers of that time, namely Britain and Russia. This can be a guiding path for the present and future of both the United States and Iran.

During World War II, Russia and Britain, two colonial powers, sought to divide Iran's territory. Reza Shah Pahlavi, who was under pressure from the two occupying countries in 1941, decided to step down from the throne, but with cunning and wisdom, he brought the United States to the international political arena in a new form and led to the two old powers, Reza Shah Pahlavi and his son, Ayatollah Mohammad Reza Shah Pahlavi (the Shah), by introducing Americans to the international political scene, strengthened the United States' political and diplomatic position and also consolidated Iran's position against the invading powers.

This event, which took place during the transition of the throne from father to son, indicated how smart diplomacy can lead Iran and over the United States. This guarantees us the possibility of becoming a superpower.

Today, the United States of America is no longer the unopposed power it once was. Weakness in domestic and foreign policies, accompanied by the spread of the internet and technological changes, has led to a decline in America's political and economic power. This is the time when we can

be independent in the globalized world of Iranian and English languages to join the strategic and vital bond between Iranians and Americans.

By observing this path, Islamism must question its role in Iran's glory and reestablish the special bond with the Kingdom of Iran. The bond can only be reestablished through cooperation with Iran's people and patriotic intelligentsia from both countries, as well. The way of Iran, which the Shah Pahlavi followed by creating off-shore companies and developing ties with the United States, is the right way. We are going to approach the United States through the Pahlavi dynasty's special bond with the United States' history, with historical ties that exist, to strengthen the cooperation between the two nations, and eventually the nation and the nation of Iran by this way, which is the main bond of the Islamic Republic of Iran.

With the results of this suggestion, to make the process of freedom, justice, security, and peace in Iran more successful, and to form the bond between the United States and Iran, the cooperation of Iran will be reestablished starting from the United States and Iran's Super Council. We will address many other issues in subsequent articles.

Our duty is to remain:

1. Unity with the Islamic Republic of Iran.

2. Unity with the Islamic Republic of Iran and the Islamic Republic of Iran.

3. Unity with the Islamic Republic of Iran and the Islamic Republic of Iran.

4. Unity with the Islamic Republic of Iran and the Islamic Republic of Iran.

5. Unity with the Islamic Republic of Iran and the Islamic Republic of Iran.

6. Unity with the Islamic Republic of Iran and the Islamic Republic of Iran.

7. Unity with the Islamic Republic of Iran and the Islamic Republic of Iran.
