To really get a sense of how far
 we've come, it's important to look at the things that we've done
 over the last 100 years. We've built a great country, we've
 made a lot of progress, and we've done a lot of good things.
 But we also have a lot of challenges ahead of us. We need to
 continue to work hard to improve our economy, our education,
 and our healthcare. We need to make sure that we're providing
 a good quality of life for all of our citizens. We need to
 be a leader in the world, and we need to be a force for good.
 We need to be a country that everyone can be proud of. We
 need to be a country that is strong, free, and just. We need
 to be a country that is a beacon of hope for the rest of the world.
 We need to be a country that is a source of inspiration for
 everyone. We need to be a country that is a model of success.
 We need to be a country that is a source of pride for all of our
 citizens. We need to be a country that is a source of strength
 for the world. We need to be a country that is a source of
 hope for the future. We need to be a country that is a source
 of light in the darkness. We need to be a country that is a
 source of life. We need to be a country that is a source of
 love. We need to be a country that is a source of peace. We
 need to be a country that is a source of happiness. We need to
 be a country that is a source of joy. We need to be a country
 that is a source of life. We need to be a country that is a
 source of love. We need to be a country that is a source of
 peace. We need to be a country that is a source of happiness.
 We need to be a country that is a source of joy. We need to
 be a country that is a source of life. We need to be a country
 that is a source of love. We need to be a country that is a
 source of peace. We need to be a country that is a source of
 happiness. We need to be a country that is a source of joy.
