In the framework of the Human Rights Act of the United Nations the President of the United States can play a significant role in supporting the enforcement of the Mahsa Act through some kind of tools that were suggested earlier.

By leveraging these tools, the President can significantly influence the enforcement of the Mahsa Act and promote accountability for human rights violations in Iran.

In this historical journey, we seek guidance, and clarity on the following pivotal questions:

1. Will the President of United States, the House and Congress continue to support the democratic aspirations and freedoms of the Iranian people?
2. What measures are being undertaken by the U.S. government and signatories of the Mahsa Act to prevent further atrocities on this painful anniversary?
3. Are efforts being made to mobilize allied nations in support of democracy and to safeguard the vulnerable lives of innocent Iranians?
4. Will the U.S. government heed international laws, particularly Article 7, to protect defenseless populations against dictatorial, brutal and violent regimes?

Thank you for your attention to this urgent matter.

Sincerely,

Judiciary & Fairness Bahamud

Subject:

A Call to Action Against the occupying and Malevolent Regime in Iran on the Anniversary of the Tragic Death of Mahsa Amini

Dear President Biden, Madam Vice President Harris, Esteemed Members of the House and Senate:

As Iranian citizens, both within our homeland and in the diaspora, we extend our heartfelt gratitude to the United States government for the passage of the Mahsa Act.

We implore you to act decisively and communicate to the global community and the Iranian populace the measures taken to avert a recurrence of the heinous acts perpetrated by the Islamic Republic the evil, in the past.

This legislation symbolizes a resolute commitment to democracy and human rights in Iran, values that resonate deeply with our aspirations for liberty and justice.

On September 15, 2024, we will solemnly commemorate the anniversary of the government's un-

It is imperative to acknowledge that prior to the year 1979, during the reign of His Imperial Majesty, the King Ayemehi, Iran existed in a state of amicable tranquility under the aegis of Mash-rooeh Constitutional law. In those halcyon days, the nation fostered friendships and harmony with countries across the globe. Yet, in a lamentable twist of fate, this occupying and malevolent regime of usurpers seized the land of Iran, imprisoning its true sons and daughters and casting a dark and nefarious shadow upon the nation's image in the eyes of the world.

In this dire hour, we call upon the support of democratic nations to assist in the establishment of a provisional government in exile, under the rightful command of the legal kingdom of Iran, His Royal Highness, Reza Shah II. Such an endeavor would pave the way for a peaceful transition away from this infernal regime, which has wrought untold suffering upon our people.

The super majority of Iranian believe that he stands as the beacon of hope for all true and peace-loving Iranians, who have, for years, echoed their fervent cries through the alleyways and thoroughfares: "O King of Iran, return to our beloved homeland!" Their voices, resonant with longing and unwavering resolve, serve as a testament to their indomitable spirit and their yearning for the restoration of justice and dignity in a land that has suffered so grievously. In these heartfelt pleas lies the essence of a nation, united in its quest to reclaim its rightful heritage and to usher in an era of peace, prosperity, and rightful governance.

There are various tools at the discretion of President of United States and United Nations in enforcing the Mahsa Act.

The President of the United States can play a significant role in supporting the enforcement of the Mahsa Act through various avenues:

- Executive Orders:** The President can issue executive orders to implement sanctions against individuals and entities in Iran responsible for human rights abuses, directly aligning with the goals of the Mahsa Act.
- Diplomatic Engagement:** The President can use diplomatic channels to raise awareness about human rights violations in Iran, urging other nations to support similar measures.
- International Coalitions:** By forming coalitions with other countries, the President can strengthen international pressure on Iran to comply with human rights standards.
- Public Statements:** The President can make public statements condemning human rights abuses in Iran, bringing global attention to the situation and rallying support for enforcement measures.
- Support for NGOs:** The Administration can provide funding and resources to non-governmental organizations (NGOs) that are working to support human rights in Iran, including their efforts.

Within the framework of the Human Rights Act of the United Nations the President of the United States can play a significant role in supporting the enforcement of the Mahsa Act through same kind of tools that were suggested earlier.

By leveraging these tools, the President can significantly influence the enforcement of the Mahsa Act and promote accountability for human rights violations in Iran.

In this historical journey, we seek guidance, and clarity on the following pivotal questions:

- Will the President of United States, the House and Congress continue to support the democratic aspirations and freedoms of the Iranian people?
- What measures are being undertaken by the U.S. government and signatories of the Mahsa Act to prevent further atrocities on this painful anniversary?
- Are efforts being made to mobilize allied nations in support of democracy and to safeguard the vulnerable lives of innocent Iranians?
- Will the U.S. government heed international law, particularly Article 7, to protect defenseless populations against dictatorial, brutal and violent regimes?

Thank you for your attention to this urgent matter.
